

Project title: Raising Inclusion and Skills in Employment

Grant Agreement No: 021-2-NL02-KA210-YOU-000048493

Extract from the Training Quality Evaluation Report

Workshop held in Sliema, Malta on 15 March 2023

Prepared by: AcrossLimits Ltd, Malta

6. Quality Evaluator's recommendations

After taking into consideration the weighting of each question, all the comments/suggestions made by participants and following discussions with Project Management, the Quality Evaluator recommends:

- That, although this is the last workshop, participants and their entities are kept informed of developments of the RISE Tool before and after the end of the project;
- To keep in mind the recommendations made by the Quality Evaluator for future European projects so as to ensure continuous improvement in the planning and implementation of workshops.

7. Conclusion

The aim of this Report is to determine the quality of the Project's Training activity held in Malta on 15th March 2023. The average weightings were high and similar to those of the Training activity held in Amsterdam. As the Partners had implemented the Quality recommendations made in the previous report, participants didn't comment on these points again. The contents of this document have been discussed with Project Management who has agreed with the Quality Evaluator's recommendations.

Due to the above we believe that the quality of this Training activity was of an acceptable level.
